

PRODUCT CHANGE NOTIFICATION

Ai PCN No: 145 Rev A.

Date Issued: 5/31/18
Notice Type: Product Obsolescence
Product Type: SL185

Change Notification Summary

Because of a discontinuation in the LED used in the SL185, Advanced illumination (Ai) will obsolete the SL185 design. The replacement product, SL246, will result in a brighter, more uniform light at the same price. Other changes with SL246 include the housing being shorter and additional colors being available. Customers may still buy the current revision for roughly another three months, based on past sales.

Please contact your Ai Sales Representative if you have any questions.

Products Affected

Old PN	Last Order Date	Last Ship Date	Replacement Product
SL185-WHIPP	September 3, 2018	October 1, 2018	SL246-XXXPP
