

# PRODUCT CHANGE NOTIFICATION

## Ai PCN No: 165

Date Issued: March 18, 2022  
Notice Type: Optical Component Update  
Product Type: BX, CX and FX

### **Change Notification Summary**

In an effort to improve our products, Advanced illumination (Ai) has upgraded the optical components on the BX, CX, and FX Series. This upgrade only applies to size configurations less than or equal to 8" in non-illuminated length, otherwise known as the power side of the unit. This change will result in a brightness increase of roughly 40% over the previous revision. Pricing for each unit will remain the same. This change has gone into effect on BX, CX, and FX lights with serial numbers greater than 22060XXXX.

Please contact your Ai Sales Representative if you have any questions.

### **Products Affected**

Old PN	Last Order Date	Last Ship Date	Replacement Product
