PRODUCT CHANGE NOTIFICATION

Ai PCN No: 183

Date Issued: 04/06/2026
Notice Type: Configuration release
Product Type: Inline Driver

Change Notification Summary

[X] Performance: Specifications, tolerances or funtional output.
Two versions of I4 inline drivers are now available. There is a washdown I4 inline driver, and now a non-washdown I4 inline driver available.

PNs Affected	Effective Date	Notes
All Lights with I4 driver configuration.		

Customer Instructions / Action Required

No customer action is required this change is occuring in the background, this PCN is just to ensure transparency that non-washdown lights will be accompanied with non-washdown I4 inline drivers. Washdown lights will be accompanied by washdown I4 inline drivers as before.
